

KU MSB-FIN Tuition & Fees Estimate

While the tuition and fees associated with the KU MSB-FIN program may vary, the program is an affordable alternative to AACSB accredited MBA programs in the region and country.

The tuition, fees and all calculations listed are for estimating purposes only. A student's actual tuition bill may vary based upon the number of classes taken, any prerequisite courses needed as well as the semester and the location of the class. The estimates below are based on 2008-2009 academic year figures provided by the Kansas Board of Regents and are subject to change. Except where noted, tuition and fees are charged on a per credit hour basis. Additional information regarding tuition and fees can be found at <http://www.tuition.ku.edu/>.
