

KU CIBER

Center for International Business Education and Research

KU CIBER Mission Statement

KU CIBER contributes to the Business School's efforts to assure that its graduates are fully aware of the importance of, and are properly equipped with the critical skills necessary to conduct global business and manage a culturally diverse transnational workforce.

KU CIBER fosters and develops active partnerships with international Area Studies Centers, professional schools, language departments, and interested faculty across the University for the benefit of our students.

KU CIBER actively engages in collaborative activities with businesses in Kansas and beyond to promote learning and expertise in international business.

KU CIBER will contribute to the University's goal that every student have a significant international experience while at KU. Accordingly, our long-term goal is that every KU business graduate will be astute in the dynamic realms of global business, global economics and the global workforce. Our business graduates will be second to none in their international capabilities and will be valued by their employers for their understanding of, expertise in, and contributions to the international arena.
