

KU SCHOOL OF BUSINESS
DISTINGUISHED ALUMNI 1999
RONALD G. HARPER

Ron Harper is the founder and executive chairman of Management Planning systems, Inc. (MPSI) based in Tulsa, Okla. MPSI, founded in 1970, rose from a regional provider of software on site location to a multifaceted organization of international stature.

Ron graduated from the KU School of Business with an MBA in 1966 and has served on numerous advisory boards in the fields of commerce, education, medicine, and the arts. As a benefactor, Ron established a distinguished professorship for the School of Business in 1994 to attract a distinguished scholar and teacher to pursue fundamental research and applications of artificial intelligence to problems in the domain of business. Ron also established The Harper Computer Classroom named in his honor.
